Press Release

Karachi 31st March 2020: In continuation to the relief efforts for COVID-19, Provincial Disaster management Authority under the directions of Minister Rehabilitation Department Sindh, Faraz Dero and in coordination with Health Department has dispatched 4000 Personal Protection Equipment (PPE) to various hospitals and quarantine centers of the province. In addition, various equipment including spray guns, sanitizers and disinfectants have been given to volunteers to serve the masses domestically.

Minister Rehabilitation Department, Faraz Dero while thanking volunteers for their extra ordinary services said that, volunteers are our frontline fighters who are serving the public at their doorsteps and roads and their services are truly appreciable. He further said that, PDMA within its available resources is working day and night for the safety of public and shall keep up with the pace till the battle against COVID-19 ends. Director General PDMA Sindh, Syed Salman Shah said that PDMA Sindh is in continuous contact with the concerned departments and district administrations regarding requirements for public safety and no stone would be left unturned to curtail Corona virus.

Assistant Director/PRO (PDMA)
